

French Are Confused, May Scrap Plan

JAMES MARLOW
Washington Post Staff Writer

PARIS, Dec. 26.—The French government today was in a state of confusion over its policy toward the North Atlantic Treaty Organization, which now has its own plan for a rearmament of Western Europe against Russia.

The NATO nations have a joint plan for a rearmament of Western Europe against Russia. The plan calls for a rearmament of Western Europe against Russia. The plan calls for a rearmament of Western Europe against Russia.

The French government today was in a state of confusion over its policy toward the North Atlantic Treaty Organization, which now has its own plan for a rearmament of Western Europe against Russia.

ME, I'M JUST A STUBBORN OLD MULE—Rick Ralle, John White and Bill Jackson, three Brigham Young University students who donated blood in a campus Red Cross drive, give the evil eye to a long-haired non-donor. It was all part of a campus gag at Provo, Utah, to publicize the drive which brought in about 600 pints of blood.

IN NEW JOB—Mr. J. Gen. Wayne C. Zimmerman is the new Inspector General of the U. S. Army. He succeeds Lt. Gen. Daniel K. Egan.

STOP RIGHT HERE—As far as Adelle August, Lutz Marlow and John T. Smith are concerned, they have the solution to producer Jon T. Smith's search for the world's most beautiful legs. The trio demonstrates they are ready to make a movie set as they walk down a Hollywood movie set.

SEA-SHELL SHOW—Shell dealer C. R. McArthur displays a very rare sea shell, a Nautilus, in his New York shop. The shell, which McArthur recently purchased for \$100, is the rarest Nautilus specimen known. There are only about 12 of the "Clory of the Sea" shells known in existence.

READY FOR ACTION—The Army's Nike, guided aircraft missiles, are in firing position at an installation in Lorton, Va., about 17 miles from Washington, D. C. It is one of about 100 such bases in the Washington-Baltimore area.

and most of the Christmas presents they are bought to fit their own ego rather than yours and mine.

"I'm not being critical. But you are," Wilbur said. "I don't want to be difficult. But I have such a feeling of loneliness about Christmas. Are you different from other people?"

"I'm not sure I know what you mean. What do you mean?" Wilbur said. "Maybe I'm just acting like a woman," she said.

"No, you're not acting like a woman," he replied. "All right, then, I am a woman!" Wilbur said. "But why do I feel wrong about Christmas?"

"Nobody but you said you felt wrong about Christmas," Wilbur said. "What I do feel wrong."

"Oh, it's a matter of colors and sizes, and they're all mixed up in the atmosphere of good will and all that, but it's still largely an ego reflection and..."

"When I said that something moment ago you bawled me out," he said.

"Oh, shut up, Wilbur. Why am I made at Christmas?" Wilbur said. "Silently he pulled his wife out to the Christmas tree, bent it down, brushed the hunched star against the tips of his wife and his own lips, then kissed his wife for a long moment and told her: 'Well, Trellis Mae, wrong tree, wrong girl, wrong girl, wrong Christmas, and...'"

Fight The Wild River

by EDMUND CLAUSSEN

THE STORY: Riverboat Captain Croch is battling for his right to haul ore up and down the Colorado River. His chief competitor is Captain Jamison of the powerful Navigation Company, which owns three boats. Jamison got one of his boats grounded and was unable to keep Croch from recapturing the bridges which Jamison took at La Paz.

XVIII. Navigation Company at length launched a new policy of aggression which left Croch scarcely enough cargo to pay his Coccopole. The Amorin twin-wheel drive of the combine, was an hour upriver as Croch rang off his engine and put his smoky-noise steamboat in toward Zorro. A few hundred yards below the landing lay the bulk of the beached San Diego that had tried to ram them.

Ben Goss squeezed into the wheezy little boat and stepped on the landing. A fussy like he'll be after us for some favor, I know! At the moment Croch was thinking of another woman and what he had done for her. For weeks there had been no news of Dreyfus. Somewhere in his tracks region beyond the river, Queenie was keeping a camp. Queenie, who had spoken to him about politics.

"Get down and do what you can for her," Croch told him. "China Boy not to burn whatever kind of a mess he's cooking with a woman's head." "You see her standing down on the landing? A fussy like he'll be after us for some favor, I know!"

Costs More to Run Today's Kitchen, But Hours Are Reduced

The average American housewife today spends less than an hour and a half preparing her family's three meals, compared to the endless hours required by her grandmother to do the same job. The difference, of course, lies in today's precooked or processed foods.

This revolution in the American kitchen is a little more costly than grandma's way, but a pamphlet from General Foods Corp. says it is paid for in the savings of time and money. The Department of Agriculture reports to prove that the use of precooked or processed foods entirely pays for itself in the same quantity of raw foods.

But she cuts her working day by the use of the raw foods. Her grandmother used the money she saved to buy a new stove. This sudden change was sharper than a knife. "No, I'm standing up to jamison because it was the only way to get a new stove," she said.

But she cuts her working day by the use of the raw foods. Her grandmother used the money she saved to buy a new stove. This sudden change was sharper than a knife. "No, I'm standing up to jamison because it was the only way to get a new stove," she said.

Mendes Appears Certain to Win New Confidence

By WILBUR LANDREY

PARIS (UP)—French approval of German rearmament appeared certain today, but the final decision comes tomorrow when Premier Pierre Mendes-France takes the issue on two more votes of confidence.

The reluctant national assembly approved German entry into NATO by a vote of 209 to 221 yesterday in an atmosphere of grim silence. The vote was a narrow one, but it was a victory for Mendes-France.

Arkansas Slated to Get Much Colder Weather

By The Associated Press

Rain increased in Arkansas today, with four points reporting more than three inches, and the U. S. Weather Bureau in Little Rock said the chances were good for rain to continue to get rain through to night.

The prospect for tonight also includes possible freezing rain or snow in the north and southwest portions of the state. Mountainburg in Crawford County reported the state's heaviest rainfall for the 24-hour period ending at 7 a. m. today. The town's rainfall was 4.3 inches.

Another Crawford County town, Mountainburg, reported more than two inches of rain. They were Lakeview in Crawford County 2.88, and Searcy in Boone County 2.50. Fort Smith 2.47, Clarendon 2.37, Heber Springs 2.28, and Berry in Boone County 2.07.

Little Rock received 1.27 inches of rain. The city's rainfall was 1.27 inches. The city's rainfall was 1.27 inches. The city's rainfall was 1.27 inches.

French Are Confused, May Scrap Plan

JAMES MARLOW
Washington, D.C. News Analyst

WASHINGTON, D.C. (U.P.)—The French government today expressed its confusion over the North Atlantic Treaty Organization's plan to scrap the defense pact with Germany.

The NATO nations have a joint plan to scrap the defense pact with Germany, which was signed in 1948. The plan was announced last week by the NATO secretary general, Lord Islay.

The French government, however, is in a dilemma. It is torn between the desire to scrap the pact and the desire to keep it. The French government is confused because it does not know what to do.

Costs More to Run

Today's Kitchen, But

Hours are Reduced

The average American housewife today spends less than an hour and a half preparing her family's three meals, compared to the endless hours required by her grandmother to do the same job. The difference, of course, lies in today's precooked or processed foods.

This revolution in the American kitchen is a little more costly than grandma's way, but a pamphlet from General Foods Corp. says it is paid for in the savings of time and money. The Department of Agriculture reports to prove that the use of precooked or processed foods entirely pays for itself in the same quantity of raw foods.

But she cuts her working day by the use of the raw foods. Her grandmother used the money to buy the raw foods. But she cuts her working day by the use of the raw foods.

Mendes Appears Certain to Win New Confidence

By WILBUR LANDREY

PARIS (U.P.)—French approval of German rearmament appeared certain today, but the final decision comes tomorrow when Premier Pierre Mendes-France takes the issue on two more votes of confidence.

The reluctant national assembly approved German entry into NATO by a vote of 289 to 231 yesterday in an atmosphere of grim silence. The vote was a surprise, as it was expected to be a close one.

The vote was a surprise, as it was expected to be a close one. The vote was a surprise, as it was expected to be a close one. The vote was a surprise, as it was expected to be a close one.

Arkansas Slated to Get Much Colder Weather

By The Associated Press

Rain increased in Arkansas today, with four points reporting more than three inches, and the U. S. Weather Bureau in Little Rock said the chances were good to continue to get rain through to night.

The prospect for tonight also includes possible freezing rain or snow in the north and southwest portions of the state. Mountainburg in Crawford County reported the state's heaviest rainfall for the 24-hour period ending at 7 a. m. today. The town's northwest Arkansas town reported 3.7 inches.

Another Crawford County town, Mountainburg, reported more than two inches of rain. They were Lakeview in Crawford County 2.88, Eureka Springs 2.80, Booneville 2.60, and Fayetteville 2.50.

Little Rock received 1.27 inches of rain. The city's downtown still leaves Continued on Page Two

"My Business is Groceries..."

"It is my business to give the people of this community the very best in food and groceries, prompt service, courteous treatment. The kind of merchandise that goes on my shelves has a lot to do with my success, so I buy good products that are made and packaged in accordance with the well known standards of quality, weight and measure, buying and selling on the basis of these standards protects my customers and my business."

"I know from experience that good newspaper advertising is the best way to tell people the news of my store. In my opinion, newspaper advertising is not only the most effective way for me to advertise, it is also the safest way. When I spend money in newspaper advertising I make my investment on the basis of verified circulation figures and values that are as well known and important in advertising as the standards of weight and quality that I use in my own business."

The information the grocer refers to is found in reports issued by the Audit Bureau of Circulations. This is a cooperative, nonprofit association of 3,675 publishers, advertisers and advertising agencies. The work of the Bureau is to furnish advertisers with audited information about the circulation of its publisher members.

At regular intervals the A.B.C., of which this newspaper is a member, sends an experienced circulation auditor to make a thorough inspection and audit of our circulation records. The FACTS established by this audit are published in an A.B.C. report which tells you: how much was obtained; how much people pay for our paper; and many other FACTS that you need in order to KNOW what you get for your advertising money.

This newspaper is a member of the Audit Bureau of Circulations.

Advertisers are invited to ask for a copy of our latest A.B.C. report.

ROCKET—Dr. Richard W. Rocket, the new president of the American Rocket Society, is general manager of the Electric Rocket Company's guided missiles department in Schenectady, N.Y.

SEA-SHELL SHOW—Shell dealer Cribbie McArthur displays a very rare sea shell, a Venus Clam, in his New York shop. The shell, which McArthur recently purchased for \$100, is the rarest undersea specimen known. There are only about 12 of the "Clams of the Sea" shells known in existence.

STOP RIGHT HERE—As far as Adelle August, Lutz Marlow and John T. Smith are concerned, they have the solution to producer Jon T. Smith's search for the world's most beautiful legs. The trio demonstrates they are ready to make any sacrifice as they walk down a Hollywood movie set.

READY FOR ACTION—The Army's Nike, guided aircraft missiles, are in firing position at an installation in Lorton, Va., about 17 miles from Washington, D. C. It is one of about 100 such bases in the Washington-Baltimore area.

French Are Confused, May Scrap Plan

JAMES MARLOW
Washington, D.C. News Analyst

WASHINGTON, D.C. (U.P.)—The French government today expressed its confusion over the North Atlantic Treaty Organization's plan to scrap the defense pact with Germany.

The NATO nations have a joint plan to scrap the defense pact with Germany, which was signed in 1947. The plan was announced last week by the NATO secretary general, Lord Islay.

The French government, however, is in a dilemma. It is torn between the desire to scrap the pact and the desire to keep it. The French government is confused because it does not know what to do.

Costs More to Run Today's Kitchen, But Hours Are Reduced

The average American housewife today spends less than an hour and a half preparing her family's three meals, compared to the endless hours required by her grandmother to do the same job. The difference, of course, lies in today's precooked or processed foods.

This revolution in the American kitchen is a little more costly than grandma's way, but a pamphlet from General Foods Corp. says it is paid for in leisure time.

The Department of Agriculture reports to prove that the use of precooked or processed foods entirely pays for itself in the same quantity of raw foods. But she cuts her working day by three-fourths.

If she went back to the raw foods her grandmother used the money she would have to spend about an hour a scale which our authority says is the modern housewife's lot.

And here is another commentary on the cost-of-living index. The Department of Agriculture says this year's agricultural bill will be \$4 billion dollars, about 10% of the national income. This is 2 points more than the pre-World War II figure of 8%.

But, says the federal agency, we were eating the same food before the war. The cost of national income was only 17% of the national income. The truth is Americans have advanced their living standards, demanding more expensive items, plus the added cost of processing.

The other vote will be on the overall ratification bill on German entry into NATO and an amendment insisting that Germany approve the Saar record before ratification is complete. That vote will largely be a repetition of last night's.

Costs More to Run Today's Kitchen, But Hours Are Reduced

The average American housewife today spends less than an hour and a half preparing her family's three meals, compared to the endless hours required by her grandmother to do the same job. The difference, of course, lies in today's precooked or processed foods.

This revolution in the American kitchen is a little more costly than grandma's way, but a pamphlet from General Foods Corp. says it is paid for in leisure time.

The Department of Agriculture reports to prove that the use of precooked or processed foods entirely pays for itself in the same quantity of raw foods. But she cuts her working day by three-fourths.

If she went back to the raw foods her grandmother used the money she would have to spend about an hour a scale which our authority says is the modern housewife's lot.

And here is another commentary on the cost-of-living index. The Department of Agriculture says this year's agricultural bill will be \$4 billion dollars, about 10% of the national income. This is 2 points more than the pre-World War II figure of 8%.

But, says the federal agency, we were eating the same food before the war. The cost of national income was only 17% of the national income. The truth is Americans have advanced their living standards, demanding more expensive items, plus the added cost of processing.

The other vote will be on the overall ratification bill on German entry into NATO and an amendment insisting that Germany approve the Saar record before ratification is complete. That vote will largely be a repetition of last night's.

Argentine Fighter Seeks Big Bout

By JACK ODDY

NEW YORK (UP) Cesar Brion, Argentine's awkward but arm-plated heavyweight, sought a match with a ranking contender today as his reward for unexpectedly winning Dan Seacrest's contest.

Unranked Brion, who won an upset split decision over Philadelphian Dan Seacrest in his TV 10-rounder at St. Nicholas Arena last night, asked today for a fight with semi-retired Charley Norvus or fourth-ranked Bob Baker.

Buccione, favored at 14-8, suffered his first straight defeat and completed the most rapid decline of any prominent heavyweight this year. Last January he was ranked fourth and was actually signed for a title bout with Rocky Marciano, but the fight never came off.

Porks Beat Rice, to Play Alabama

By MAX B. SKELTON

HOUSTON (AP) Arkansas, the only 1953 winner to repeat in first-round play this year, joins Texas Christian, Texas A&M and Texas A&I in the semi-final of the 4th annual Southwest Conference basketball tournament.

The Razorbacks face Alabama the pre-tournament favorite, and the Red Raiders from the nation at 7:30 p. m. TCU plays the Aggies in the 9 p. m. nightcap.

Consolation play opens this afternoon as Rice, last year's tourney champion, and conference co-favorite Baylor at 2 p. m. and Southern Methodist takes on Texas at 4 p. m.

Arkansas was the only team to win with anything less than a 70-point margin in yesterday's openers. The Razorbacks whipped Tennessee 75-66.

Alabama nudged Baylor 70-67, TCU edged SMU 74-71 and Texas A&M beat Texas 66-61.

The Arkansas triumph was none too secure, in spite of the seven-point difference.

The Porks dropped behind at 13 points and trailed 36-27 at halftime before pulling even six minutes before the end of the game.

They never trailed thereafter, although Rice tied it 58-58 and 60-60. Guard Carroll Seagraves led the rally in the early moments of the second half with 10 points.

The SHUTOUT club brought together the teams favored in the conference race which opens Jan. 1, and the outcome will indicate the better team.

The Razorbacks jumped to a nine-point lead in the first half, but needed everything they had to gain the decision after intermission.

SMU tied the score 70-70 with six minutes left.

Ray Warren slipped in a rebound for a 72-70 TCU lead and Bill Smith made another in the last 30 seconds.

The game put two new records into the tournament books. TCU's 21 field goals set a new mark for a team in a single game, surpassing the record of 20 set by Texas last year against Alabama.

The winning total of 53 field goals by the two teams broke the record shared by SMU and Rice, 51, set last year.

The Oklahoma and Boardwalk phalanxes are easy to understand. One fought out of the California city and now he's domiciled in Atlantic City.

As for the "Disappearing" monster, Billy would just as soon forget about it. At 35, he is in the third phase of his career, he's Boardwalk Billy Smith.

Kentucky Still Tops in U.S. Cage Circles

By The Associated Press

Kentucky's unbeaten Wildcats used the very effective system of defeating two of the nation's top rivals to retain the No. 1 spot in the college basketball standings.

The Wildcats won their own home last week by turning back Utah and LaSalle, receiving the 301 first-place votes in the weekly Associated Press poll of sports writers and sportscasters and piled up a total of 562 points. The Kentucky boys have won five games.

There are some general shifting of positions as the result of last week's contests but only one new team in the top 10. San Francisco, winner of seven of its eight games, moved up to fifth on the strength of a victory in the Oklahoma City tournament.

North Carolina State's unbeaten Wolfpack moved up three notches to second place while LaSalle advanced one into third in a close brush with Dayton. Dayton, winner of all its eight games, jumped two spots.

The count on the basis of 10 points for first 9 for second, etc., gave N. C. State 567 points, LaSalle 549, Dayton 506 and San Francisco 422.

Illinois was ranked sixth with 409 points, followed by Utah, Duquesne, George Washington and Niagara.

Missouri dropped out of the top 10, falling from 7th to 11th.

The leaders with first-place votes in parentheses:

1. Kentucky (70)
2. San Francisco (51)
3. LaSalle (41)
4. Dayton (36)
5. Missouri (35)
6. Illinois (34)
7. Utah (33)
8. Washington, 214
9. G. Washington
10. Niagara 145
11. Missouri 129
12. Alabama 111
13. Louisville 103
14. Southern Cal
15. UCLA
16. Duke
17. Pennsylvania
18. Duke
19. Iowa
20. Ohio State

U.S. Clinches Davis Cup a Day Early

By WILL GRIMSLEY

SYDNEY, Australia (AP) — Neil Armstrong and Tony Trabert returned international tennis supremacy to the United States today with a masterful doubles exhibition which ousted the 1954 Davis Cup champions from a day ahead of schedule.

It was the darkest day of Australian tennis since 1949, but it only finished in a never-say-die defeat for the Eynon-Lewis-Lewis-Hoad and Ken Rosewall, who were defeated 6-2, 4-6, 6-3, 10-8.

The double victory downed 4-5, and love-40 on Rosewall's service in the 10th game of the final, however, and dropped him from the match.

Trabert threw his racket in the air and leaped from the ground with a wild whoop. He threw his arms around Seales and was overjoyed to have won the Davis Cup.

Trabert threw his racket in the air and leaped from the ground with a wild whoop. He threw his arms around Seales and was overjoyed to have won the Davis Cup.

Fights Last Night

By The Associated Press

NEW YORK (AP) Cesar Brion, Argentine's awkward but arm-plated heavyweight, sought a match with a ranking contender today as his reward for unexpectedly winning Dan Seacrest's contest.

Time to Tell Value of the Security Act

By JAMES MARLOW

WASHINGTON (AP) Four years ago Congress handed the government a barpoon to stick in the Communist party. It will be many months, perhaps years, before the government knows whether the barpoon has a real barbed point.

In 1950 Congress passed the Internal Security Act to force the party to register with the Justice Department as a Russian agent and at the same time give a list of its officers and members.

The party said it once it would never register. It hasn't done so yet. It almost surely never will. To register would be to admit that the American Communist party was Moscow tool bent on overthrowing the government.

The inability of the party to register to force the party to register, or defying the law is due to the elaborate machinery of law built into the act by Congress itself.

The machinery, intended to give the government a full view of the party and its day in court to defend itself, would force the party to register. If the attorney general declared the party an instrument of the Kremlin he would then ask the Supreme Court to order the party to register.

But this couldn't be done until the attorney general presented evidence to the board to back up his charge and until the party had a full chance to defend itself against or deny the attorney general's charge before the board in 1951-52.

It found the American Communist party to be a Russian agent. But the party still didn't have to register and didn't, until the board's findings and the way up through the courts.

Thus it started. Last Thursday the U. S. Court of Appeals here upheld the constitutionality of the Internal Security Act of 1950 and the right of the board to order the party to register.

But the party can, and most likely will, ask the appeals court to rehear the case. The appeals court will probably refuse. It will be some time in 1955 before the party is turned down. It will then appeal to the Supreme Court.

The Supreme Court would probably not be able to give a decision before late 1955 or sometime in 1956. No one can foretell the high court's decision. It may find the security act unconstitutional.

That would mean five or six years' work had gone out the window and the party would not have to register. But suppose the court should uphold the act and the order to register.

Since the party days it won't register, it can be assumed it won't. But suppose the party announced on the day the Supreme Court ruled against it that no longer existed. What could the government do then?

The announcement by the party that it was out of business wouldn't get anyone. But how could the government legally prove the announcement was a sham and that the party will exist?

It would have to gather evidence on that. What then? The 1950 law says it's a crime if the party exists. It would have to register once there has been a final order for it to do so.

So the government could proceed against some individual who, it was believed, was a member of the party which had said it no longer existed. If convicted, this individual would expose all his way through the courts to the Supreme Court.

The government might not want to try any other underground Communist until the Supreme Court had given a decision on this first test which would take more years.

But suppose the Communist party, announcing it was dissolving, bolted up under an other name, which is what happened in Canada. Would the government have to go through the whole procedure again to prove it was real?

That's the bridge the government will have to cross if it comes to it.

CHOW LINE INVASION

By The Associated Press

A family of opossums is getting fat mooching on the farmyard chow line at the George Brethaupt farm, east of Culver, Kan. Each evening after the cows are milked, two trays of milk are set out for the farmyard cats. That's when the opossums come out of hiding in the haystack. With utter disregard for the cats, they move in and take over a tray of milk. The opossums, disdaining to be near the wild animals, pussy-foot over to the remaining dish. The opossums, disdaining to be near the wild animals, pussy-foot over to the remaining dish. The opossums, disdaining to be near the wild animals, pussy-foot over to the remaining dish.

SPORTS ROUNDUP

By GAYLE TALBOT

NEW YORK (AP) They once called him Oakland Billy Smith. Then it became Disappearing Billy, and now it's that he no longer existed. What could the government do then?

Georgia Tech Promises to Throw Plenty

By HAROLD V. RATLIFF

DALLAS (AP) — Georgia Tech has promised to throw passes all over the place Saturday when it meets Arkansas in the Cotton Bowl and that might bring some old-time fans back to the game. The weekly Associated Press poll, only yesterday, ranked Georgia Tech's 47-0 victory over Arkansas as the best of the season. The team's record was 10-0.

Arkansas hasn't done much passing this season but what it has done has been tops. It's 10-0 in completions which is better than any other team in the country. Coach Bobby Dodd of Georgia Tech always throws a lot in a bowl game. His record is 10-0.

North Carolina State (No. 10) shooting for its 11th Dixie Classic title, extended its unbeaten streak to 10 in a row with a 9-0 victory over Cornell.

LaSalle (No. 3) crushed Syracuse 100-34 in the all-time college game scoring high at Madison Square Garden. Undeclared Dayton (No. 4) won its seventh straight game with a 20-0 triumph over St. John's of Brooklyn. Both games were part of New York's festival.

Duquesne (No. 8) also captured its opening-round game, defeating Jacksonville State 20-0.

Green scored 20 points in the second round, a 20-0 triumph over Missouri (No. 12) beat Nebraska 75-58 in the Big Seven tournament at Kansas City, Mo. 31 edged Baylor 74-67 in the Southwest Conference tournament at Houston. Louisville crushed Murray State 100-33 in the Kentucky Invitational at Louisville.

Duke (No. 1) defending champion, posted a 29-0 victory over West Virginia in the Dixie Classic to boost its record to 11-0.

CHINA

But this couldn't be done until the attorney general presented evidence to the board to back up his charge and until the party had a full chance to defend itself against or deny the attorney general's charge before the board in 1951-52.

It found the American Communist party to be a Russian agent. But the party still didn't have to register and didn't, until the board's findings and the way up through the courts.

Thus it started. Last Thursday the U. S. Court of Appeals here upheld the constitutionality of the Internal Security Act of 1950 and the right of the board to order the party to register.

But the party can, and most likely will, ask the appeals court to rehear the case. The appeals court will probably refuse. It will be some time in 1955 before the party is turned down. It will then appeal to the Supreme Court.

The Supreme Court would probably not be able to give a decision before late 1955 or sometime in 1956. No one can foretell the high court's decision. It may find the security act unconstitutional.

That would mean five or six years' work had gone out the window and the party would not have to register. But suppose the court should uphold the act and the order to register.

Since the party days it won't register, it can be assumed it won't. But suppose the party announced on the day the Supreme Court ruled against it that no longer existed. What could the government do then?

The announcement by the party that it was out of business wouldn't get anyone. But how could the government legally prove the announcement was a sham and that the party will exist?

It would have to gather evidence on that. What then? The 1950 law says it's a crime if the party exists. It would have to register once there has been a final order for it to do so.

So the government could proceed against some individual who, it was believed, was a member of the party which had said it no longer existed. If convicted, this individual would expose all his way through the courts to the Supreme Court.

The government might not want to try any other underground Communist until the Supreme Court had given a decision on this first test which would take more years.

But suppose the Communist party, announcing it was dissolving, bolted up under an other name, which is what happened in Canada. Would the government have to go through the whole procedure again to prove it was real?

That's the bridge the government will have to cross if it comes to it.

CHOW LINE INVASION

By The Associated Press

A family of opossums is getting fat mooching on the farmyard chow line at the George Brethaupt farm, east of Culver, Kan. Each evening after the cows are milked, two trays of milk are set out for the farmyard cats. That's when the opossums come out of hiding in the haystack. With utter disregard for the cats, they move in and take over a tray of milk. The opossums, disdaining to be near the wild animals, pussy-foot over to the remaining dish. The opossums, disdaining to be near the wild animals, pussy-foot over to the remaining dish. The opossums, disdaining to be near the wild animals, pussy-foot over to the remaining dish.

SPORTS ROUNDUP

By GAYLE TALBOT

NEW YORK (AP) They once called him Oakland Billy Smith. Then it became Disappearing Billy, and now it's that he no longer existed. What could the government do then?

Georgia Tech Promises to Throw Plenty

By HAROLD V. RATLIFF

DALLAS (AP) — Georgia Tech has promised to throw passes all over the place Saturday when it meets Arkansas in the Cotton Bowl and that might bring some old-time fans back to the game. The weekly Associated Press poll, only yesterday, ranked Georgia Tech's 47-0 victory over Arkansas as the best of the season. The team's record was 10-0.

Arkansas hasn't done much passing this season but what it has done has been tops. It's 10-0 in completions which is better than any other team in the country. Coach Bobby Dodd of Georgia Tech always throws a lot in a bowl game. His record is 10-0.

North Carolina State (No. 10) shooting for its 11th Dixie Classic title, extended its unbeaten streak to 10 in a row with a 9-0 victory over Cornell.

LaSalle (No. 3) crushed Syracuse 100-34 in the all-time college game scoring high at Madison Square Garden. Undeclared Dayton (No. 4) won its seventh straight game with a 20-0 triumph over St. John's of Brooklyn. Both games were part of New York's festival.

Duquesne (No. 8) also captured its opening-round game, defeating Jacksonville State 20-0.

Green scored 20 points in the second round, a 20-0 triumph over Missouri (No. 12) beat Nebraska 75-58 in the Big Seven tournament at Kansas City, Mo. 31 edged Baylor 74-67 in the Southwest Conference tournament at Houston. Louisville crushed Murray State 100-33 in the Kentucky Invitational at Louisville.

Duke (No. 1) defending champion, posted a 29-0 victory over West Virginia in the Dixie Classic to boost its record to 11-0.

The airport is to be built on a 24 million dollar site. The airport is to be built on a 24 million dollar site. The airport is to be built on a 24 million dollar site.

Time to Tell Value of the Security Act

By JAMES MARLOW

WASHINGTON (AP) Four years ago Congress handed the government a barpoon to stick in the Communist party. It will be many months, perhaps years, before the government knows whether the barpoon has a real barbed point.

In 1950 Congress passed the Internal Security Act to force the party to register with the Justice Department as a Russian agent and at the same time give a list of its officers and members.

The party said it once it would never register. It hasn't done so yet. It almost surely never will. To register would be to admit that the American Communist party was Moscow tool bent on overthrowing the government.

The inability of the party to register to force the party to register, or defying the law is due to the elaborate machinery of law built into the act by Congress itself.

The machinery, intended to give the government a full view of the party and its day in court to defend itself, would force the party to register. If the attorney general declared the party an instrument of the Kremlin he would then ask the Supreme Court to order the party to register.

But this couldn't be done until the attorney general presented evidence to the board to back up his charge and until the party had a full chance to defend itself against or deny the attorney general's charge before the board in 1951-52.

It found the American Communist party to be a Russian agent. But the party still didn't have to register and didn't, until the board's findings and the way up through the courts.

Thus it started. Last Thursday the U. S. Court of Appeals here upheld the constitutionality of the Internal Security Act of 1950 and the right of the board to order the party to register.

But the party can, and most likely will, ask the appeals court to rehear the case. The appeals court will probably refuse. It will be some time in 1955 before the party is turned down. It will then appeal to the Supreme Court.

The Supreme Court would probably not be able to give a decision before late 1955 or sometime in 1956. No one can foretell the high court's decision. It may find the security act unconstitutional.

That would mean five or six years' work had gone out the window and the party would not have to register. But suppose the court should uphold the act and the order to register.

PRESCOTT NEWS

Presbyterian Sunday School Has Christmas Tree

The Sunday School of the Presbyterian Church here had an all-day Christmas tree and visit to Santa Claus in the night. The tree was decorated with lights and ornaments. Santa Claus came in the night and gave out candy to the children.

Rev. W. C. Bensinger presided. Following the song "Joy to the World," C. Logan led in prayer. The tree was decorated with lights and ornaments. Santa Claus came in the night and gave out candy to the children.

Loss of Wife Big Blow to Fred Astaire

By BOB THOMAS

HOLLYWOOD (AP) — On Sept. 13, the wife of Fred Astaire died. Today he is still trying to put together the shattered pieces of his life.

"Few stories in recent years have touched Hollywood as has the loss of a wife," said a friend of Astaire's. "He is a man who has lost a great deal."

Astaire is working in "Daddy Long Legs," and I paid a call on him at his home. He was in the music stage where he was listening to the orchestra play a number from the film.

"I'm not going to make a picture just to make a picture," he said. "I'm going to make a picture that I can be proud of."

"I'm not going to make a picture just to make a picture," he said. "I'm going to make a picture that I can be proud of."

"I'm not going to make a picture just to make a picture," he said. "I'm going to make a picture that I can be proud of."

"I'm not going to make a picture just to make a picture," he said. "I'm going to make a picture that I can be proud of."

"I'm not going to make a picture just to make a picture," he said. "I'm going to make a picture that I can be proud of."

"I'm not going to make a picture just to make a picture," he said. "I'm going to make a picture that I can be proud of."

"I'm not going to make a picture just to make a picture," he said. "I'm going to make a picture that I can be proud of."

Two Killed in Wreck at Foulke

TEXARKANA (AP) — A four-car pileup near here has taken the lives of a 5-year-old girl and her grandfather, and injured three other persons.

The accident occurred when two cars collided on Highway 71, three miles north of Foulke, Ark.

The 5-year-old girl, who was in the back seat of one of the cars, was killed. Her grandfather, who was driving the car, was also killed.

Three other persons were injured. One of them, a 25-year-old man, was taken to a hospital. The other two were taken to a hospital.
